VASN Resource Fair at Summer Institute

The mission of the Summer Institute for School Nursing is to foster evidence-based practice in the school setting and promote competency in school nursing. Attendees are invited to attend by the Virginia Department of Education's Office of Student Services, the host of this conference. Participants include school nurses, school nurse coordinators, and health services supervisors who are influential in the decision making for their clinics' purchases.

Join VASN, Inc., the sponsors of the Resource Fair at the Summer Institute, and have access to Virginia's wonderful School Nurses. There will be a large concentration of school nurses and nursing supervisors in attendance. Educational offerings like the Summer Institute help to enhance the school nursing field and provide greater evidence-based practice in the delivery of health care to all students, public and private, across the state.

The space in this exhibit hall is limited! Don't miss out on this premier opportunity to help Virginia nurses learn about new research and technological advances in your field! Come and build new relationships with school nursing leaders and reconnect with existing customers.

We invite and encourage you to help make the Summer Institute a valuable and successful experience. We encourage you to present information at a table showcasing your organization's expertise and experience in health education information technologies, services, and solutions.
